OFFICE OF THE ARCHBISHOP
1011 FIRST AVENUE
NEW YORK, NY 10022

May 24, 2011
Year of the Mass

Dear Graduates of the Class of 2011:

Congratulations on graduating from Catholic Elementary school! I am delighted to share my joy with you and your family on this important milestone in your young lives. I also take this opportunity to express my gratitude to your families and guardians for their sacrifices in providing you with an excellent Catholic education and formation.

You have learned to follow the Gospel and to respond in charity and with the love of Christ to the needs of others. You have learned that Jesus, the greatest of all teachers, will never leave your side. He will always extend His loving hand as you travel the path of life, no matter how challenging it might be at times. You take with you into high school, and into your lives ahead, the blessings and values gained through your Catholic education. They will guide you well through life's journey.

As you prepare for high school and other opportunities and challenges ahead, I pray you will always remember that Our Lord's love for you is constant and unchanging.

Again, with congratulations and prayerful best wishes for every future success, I am,

Faithfully in Christ,

Most Reverend Timothy M. Dolan
Archbishop of New York

My dear Graduates of the Class of 2011,

I want to express to each one of you my heartfelt and prayer-filled Congratulations and Best Wishes on this wonderful occasion of your graduation from Our Lady of Mount Carmel School. I am very proud of you and I thank you for being such fine young women and men.

As I reflect on each one of you, most of you came to Pre-K in September, 2001. You started school the very month and year that the World Trade Center Towers were destroyed and our lives changed forever. You were very young then and there have been many global challenges since 2001. In light of these events, OLMC administration and faculty endeavored to provide not only a quality Catholic education, but ensure a safe and nurturing environment as well.

During your years here there have been many wonderful advances in technology, science, medicine, health, mathematics, engineering and theology. Exploration of the universe and travel to the depths of the oceans has unlocked many doors for you to consider as you look forward to your careers. You will have many opportunities to consider. We have witnessed the canonization of new saints, Pope Benedict XVI's visit to NY and, blessed as a parish when Father Jude was elevated to Bishop of Ondo, Nigeria.

For me, the most precious gift that you take with you is the knowledge of the Catholic faith that your parents and teachers have provided for you. Your love of God, his Son Jesus and being faithful to the Gospel will ensure happiness and success not only in high school but beyond. Jesus seeks to be part of your life. Pray daily to Him for guidance and courage. He will never fail you. Please don't leave Him behind.

Today you join a very prestigious group of people! There are over 2,100 Graduates of Our Lady of Mount Carmel School. Be true to your Alma Mater. We will always be here for you.

God bless you today and every day. May Our Lady of Mount Carmel, our patroness, intercede for her beloved graduates.

Lovingly in the Divine Compassion,

Sr. M. Stephen, RDC

Sr. Mary Stephen, RDC

Dear Boys and Girls,

Today is the first day of the rest of your lives - rejoice and be glad!

Hard work, along with the support of all who love you, has made this day possible for you. I hope you will never forget the debt of gratitude you owe to your parents. You are a reflection of their love and you can be very proud of all they have made possible in your lives through their loving self-sacrifice.

I wish you every blessing and much happiness in the years ahead. I offer you the following thoughts as you leave us with the hope that you will find in them something you will be able to apply to your daily living as you begin what I pray will be a very happy and successful future.

*Be understanding to your enemies.
Be loyal to your friends.
Be strong enough to face the world each day.
Be weak enough to know you cannot do everything alone.
Be generous to those who need your help.
Be careful with what you need yourself.
Be wise enough to know that you do not know everything.
Be foolish enough to believe in miracles.
Be willing to share your joys.
Be willing to share the sorrows of others.
Be a leader when you see a path others have missed.
Be a follower when you are shrouded by the mists of uncertainty.
Be the first to congratulate an opponent who succeeds.
Be the last to criticize a friend who fails.
Be sure where your next step will fall, so that you will not stumble.
Be sure of your final destination, in case you are going the wrong way.
Be loving to those who love you.
Be loving to those who do not love you, and they may change.
Above all, be yourself.*

Congratulations and may God bless you always!

*Lovingly,
Sister Margaret*

Memories

Second grade was my first year in Mt. Carmel. I made many friends. One thing in particular I remember was on the first day of school I needed to use the bathroom. I didn't know where it was and was scared to ask. One of my classmates, Gina Rotellini, asked Sr. Ruth if she could show me where it was. I was so happy she did that, and now that I think about it, I should have just asked!

Kiera Quigley

My fondest memory at Mt. Carmel was 7th & 8th grade baseball in 2010. I really enjoyed this - it was fun playing baseball with my friends and having lots of laughs with the whole team.

Matt Webster

In 8th grade Sarah, Monica, Joann and I helped Sr. Stephen make chocolate lollipops, pretzels, and marshmallows for the Christmas Fair. It was really fun to make and we were doing something good for our school. It was also great bonding with Sr. Stephen! I'm really going to miss Our Lady of Mt. Carmel.

Gina Rotellini

During gym class we were playing dodge ball and I was one of the last ones on my team still in. My friend Gawayne threw the ball at me. As I jumped into the air to dodge, I ended up catching the ball between my legs - getting him out!

Martine Mauro-Wade

I really enjoyed going to Club Getaway. There were so many fun activities, like zip-line, rock climbing, basketball, dancing and lots more. I hope I get to go there another time.

Gawayne Stockton

I remember when Gina, Sarah, Eilish, Joann and I danced in the Talent Show. It was so much fun. We really bonded in the dance practices. I also loved the support of the OLMC family. I will miss everyone so much.

Monica Quesada

Our 7th grade class trip to Club Getaway was so much fun. We got to go rock climbing and go on a zip-line. It improved our class' teamwork because we played games together.

Valerie Cimino

When I was in Pre-K we would play outside with cars that you could ride in, pushing each other around in them. Once, Brian was being pushed by Stephen and myself. We forgot to stop pushing and the car flipped over a barrier used to stop cars. We laughed so hard when that happened! Even Brian was laughing. It is a good thing he was not hurt.

Brad Cingolani

Being a Varsity player for OLMC would be my favorite memory. I really enjoy playing basketball, especially since it is for my school. Coaches Steve Gallagher and Arabella Woolley were amazing, I couldn't have asked for anyone better. I loved representing my school and playing my heart out. It will be sad for me when I graduate but I will always cherish memories OLMC has given me.

Sarah Lulani

In 3rd grade we went to Ellis Island on a class trip. Shannon and I got lost at the end of the trip and we missed our boat. Everybody was searching for us. We were freaking out and when we finally found our class, Miss Divine asked Shannon if she was ok. Miss Divine had worried so much about Shannon, but she had yelled at me for making us miss the boat. At the time, I thought it was unfair that Miss Divine yelled at me and not Shannon.

Alynne Jeanty

This year in 8th grade we had a surprise party for Sr. Margaret. I was the lookout and had to knock on the door to let the class know she was coming.

John Hecht

In Kindergarten we were having a surprise birthday party for Mrs. Cain. We were all sitting and having “story time.” I was in the back and really wanted to sit in the front. Miss Cavone said that when we hear a knock to run and hide behind our desks. Well, since I was in the back I knocked over the waste basket and everyone ran behind their desks. While everyone was hiding, I moved up to the front and was very happy.

Vinny Finnegan

My favorite memory of my ten years in OLMC is last year on the bus with my friend Gawayne. Out of nowhere he looked at me and started laughing so hard that he spit his sandwich all over the bus floor. Next, I started to laugh from watching him and I spit my red Gatorade everywhere. Every time I saw him or drank something red we both would start to laugh. The next day Gawayne came to my house. While we were doing homework I got a drink of red Gatorade. The next thing I knew my sister’s homework was drenched and Gawayne and I both were rolling on the floor laughing.

Brian Malone

When I first came to Mt Carmel in 6th grade everybody took me in - I was one of them!

Jaleel Barr

Mrs. Gilberti asked me to write something nice about Sr. Stephen for her 60th Jubilee. That night I wrote a small essay and brought it back to school. Mrs. Gilberti said that it was good to read in Church. For Sister’s Jubilee there was a Mass. At the end, I came up to read my paper. When I finished everyone said I had done well. It was one of my best memories at Mt. Carmel.

Anthony Panat

When I was in 7th grade I was walking down the stairs with Vinny in front of me. I tried to push him down the stairs to be funny. He lost his balance and almost fell, luckily he was holding the railing.

Joann Perez

Fantasy

In the Kindergarten, there was a huge paper airplane. The boys took off in an imaginary flight to see all over the world. Stephen and Brian were in First Class. Vinny and Brad were in Second Class. They would all get stamps in their passports. Stephen and Brian would always fall asleep so they never knew where they had landed. One time they all landed in India. They met a kid there named Justin Abraham. They payed Justin to show them around India. After the kindergartners saw all of the sights, they took Justin with them. Then the pilot flew them to Africa. Believe it or not Jaleel lived in the jungle so he rarely ate anything. So because Jaleel was starving, the class took him with them. The pilot flew them back to OLMC School.

The Perfect Graduates - OLMC Style!

Our Perfect Male would have

Gawayne's hair and Brian's eyes. He'd smile like John and laugh like Jaleel. Vinny's personality would shine through. He's as kind as Brad, as generous as Nas, and as patient as Justin. Combining Jose's energy with Kylan's athletic ability makes him a star! With Matt's intelligence, Stephen's attitude, and Martine's self-confidence, he can conquer the world and still remain as calm as Anthony.

She's Perfect, too, with

Kalani's hair and Joann's eyes. Daniella's nose fits perfectly on her face above Gina's smile. Hear her laughing like Sarah? Monica's personality blends beautifully with Valerie's patience. The boundless energy can only come from Ali! She is extremely kind, thanks to Kiera. There will be no holding her back with her attitude from Eilish.

We predict that ...

Jaleel has a future in Pro Basketball.

Joanne's compassion leads her to Nursing.

Kiera becomes a Doctor of great renown.

Monica will open her own Restaurant.

Eilish is an Actress - stage or screen? To be determined.

Justin future lies in Engineering.

Valerie is an award winning Author.

Martine is touring the world as a Drummer with a chart topping band.

Jose's career path leads him into Construction.

Matt is certainly playing Professional Baseball.

Daniella is the perfect Social Worker.

Gina's personality is perfect for Nursing.

Stephen is hosting his own Talk Show.

Sarah continues to help others as a Therapist.

Kalani turns her love of animals into a successful veterinary practice.

Gawayne can be seen acting on stage and screen.

Nas takes the sports writing world by storm.

Anthony - A Champion Chess Player and Instructor.

Ali becomes a world-renowned artist.

Brian continues a family tradition as a Fire Fighter.

Vinny joins the Police Department.

Brad's research as a Scientist leads to great discoveries.

John has a career in the US Air Force.

Kylan? Pro Basketball, of course!

FRIENDSHIP

Friendship is hard to find.
It was once designed for all mankind.
The meaning is undefined.
But Friendship can change over time and for sure can slip one's mind.
Friends are the best, they're people who you can count on and trust.
I'm happy for my friends they're the ones I love.

Stephen Adler

Friendship is not always easy to describe. Friendship has to be a special someone.
To have a friendship with someone you have to love and trust them
So that they can always have your back no matter what you do or what it comes to.
Friendship can be anyone,
but what you really want in a friendship is someone you can trust and believe in.
That's what friendship is all about.

Jaleel Barr

*Who do I consider a friend?
A friend is someone who is always there for you.
Someone who always has your back.
Someone who stays very close to you even though you may argue.
Someone who you can rely on.
Someone who does not tell any secrets.
Someone who does not tell on you no matter what.
And someone who is respectful, caring, and loving at all times.
I have many friends and I am grateful for them.*

Kylan Guerra

Friends are always there for you.
They are there to help you and comfort you.
True friends will stand by you no matter what happens.
True friends are there until the end.
They always take your side in a fight,
And would never let you down.

Valerie Cimino

***Friends are always there for you.
No matter what the problem is they will be there.
You know they are a real friend
if you can trust and follow them.
But there are not always good friends.
It's up to you to find out and choose
the best of friends you can have.***

Vinny Finnegan

Friends to me are basically considered family.
They are always there for you when you need them.
They are loyal and always have your back.
Friends will back you up on almost anything.
You have the choice to pick good friends or bad friends.
There is always a choice.

John Hecht

Friendship is a gift from God that everyone should get to experience.
Friendship is a feeling of care for one another.
Friendship is love for one another.
Friendship is a fun and great.

Brad Cingolani

FRIENDSHIP

Friendship comes in all varieties.
A friend is someone who will always be there for you,
Wipe your tears, make you happy,
and someone you're comfortable with.
Trusting is a hard thing to do,
but a good friend should always be trustworthy.
That's why I pick and choose you.

Sarah Lulani

Friendship is about loyalty and trust,
It should never die out or rust.
Friendship is a way of life,
Your friend might even become your wife.
Friendship should last forever,
To see this you don't have to be clever.
Friendship can exist with one person or more,
So don't go and throw it out the door.

Brian Malone

Friendship is very important.
It shows everyone who you are,
so you can be a star.
It brings out your personality.
It brings you to happiness.
Friends give you lots of company,
So you will never be bored.
Life would be nothing without friendship.

Anthony Panat

What Is Friendship?
It is Two People Who Care about Each other.
In Order To Be a Good Friend,
Be Respectful,
Be There For Them,
Have Their Backs,
And Be By Their Side.
They Should Be There When,
You're in A Bad Situation or Having a Hard Time
You Tell Your Secrets to the Closest Person and that is Your
Best friend.

Joann Perez

What do we call it when you have a friend?
Who you can tell all your secrets to?
One who can make you laugh and have fun as you can
And one who never lies to you.
A true friend who is always by your side,
And loves you just the way you are.
A person who makes you feel special inside
And has a place in your heart.
We call this happiness friendship,
Something that cannot be compared
It is something that is sacred,
Something that is true
And is something that can be shared.

Alynn Jeanty

Friendship is there wherever you go
Friendship is there when you overload
Friendship loves and Friendship cares
Friendship is life with a little dares

Friendship hurts when you're not there
Friendship dies if you don't take care
Friendship is even the life you lost
Friendship is love with little cost
And that's why 'Friendship' means the most

Martine Mauro-Wade

FRIENDSHIP

A true friend is there till the end.
 A true friend appreciates you for who you are.
 A true friend allows you to be yourself.
 A true friend is there when you're in doubt.
 A true friend keeps you in mind.
 A true friend always has the best interest for you.
 A true friend will compliment you.
 A true friend... is a gift from God.

Friendship is very passionate
 It is basically like family
 It creates a relationship like a
 brother or sister
 Friendship is happiness
 Friendship brings you together
 Friendship also brings fun
 and excitement
 Without friendship you would be
 very lonely
 Every person needs friendship

What makes someone a good friend?
 Friends are people that you can rely on.
 Friends make you happy when you're sad.
 They are people who keep your secrets
 And friends stay close to you even if you have a little fight
 That is what makes a good friend and thankfully I have a lot!

Matt Webster

Friends are like your brothers or sisters.
 They are also like part of your family.
 You can always rely on them for anything.
 In some situations, friends aren't always going to be there forever.
 You always have to hold close those who are your true friends.

Gina Rotellini

After so many years the time is finally here
 My last year is here, my last moment right now
 The fear of going to high school is now in my head
 My last day on graduation and my eyes are filled with tears.

Jose Zhinin

A friend is someone who will be with you no matter what
 Someone who will make you smile when times get tough
 Someone who will be with you through your pain
 Someone who will tell you everything is okay
 Someone who will never talk behind your back
 Someone who you can say I'm lucky to have a friend like that
 Someone who will make you laugh
 Someone who will help you in any subject, especially math
 Someone who you can trust
 Someone whom you call my best friend.

Dear Mom and Dad,

I want to thank you for putting me in this school. This school has certainly helped me grow up and become more independent. I know you want the best for me and by putting me in Mount Carmel you gave me something more - the, the best. This year has been really hard but I finally will graduate. Thank you for all your support over the past years.

Love,
Jose

Dear Mommy and Daddy,

I'm very happy that you sent me to this school. If I didn't go to this school I would never have met so many wonderful teachers. They were kind and helpful to me when I needed help. This school taught me so much. They prepared me for high school and for life outside of school. I met so many nice kids that I probably would not have met if I didn't go to OLMC. Thank you for putting me at Our Lady of Mount Carmel School.

Love,
Daniella

Dear Mom and Dad,

Thank you so much for putting me into Mount Carmel in fifth grade. It changed my life for the better and helped me become the person I am today. Also, thank you for helping me study for the TACHS and ISEE test to help me get into the four schools I applied to. Both of you did everything you could so I can attend Rye Country Day next year and I am so thankful! I love you Mom and Dad, and I can't thank you enough.

Love, your son,
Matthew

Dear Mom,

Thank you so much for putting me into this school! This has been the best ten years of my life. I have grown up with lots of great people and have lots of great friends. I loved the teachers here and the faculty. I hope to come back and stop by sometimes and remember the fun times I had. You have supported me through lots of things and I appreciate you for that and especially for putting me into this school. Thank you again and I love you very much!

Dear Mom and Dad,

I want to thank you for putting me in Mt. Carmel School. It made a big impact on my life and I do not think I would be the man I am today without the help and support of all the teachers and staff of the school. I also want to thank you for paying the money and keeping me in the school. I could not have done it without you.

THANK YOU!

Love,

Dear Mom and Dan,

Thank You for everything you have done for me, and also for buying many presents and food. You're the best. Without you I wouldn't be here right now. Most of all, thanks for your love and care. You give me everything I need to have a healthy nice life. You spend your money to send me to a Catholic school instead of not paying for a free school. Thank you.

Love,
Nasir

Dear Mom and Dad,

Thank you for making it possible for me to attend Our Lady of Mount Carmel. Thank you for all of the sacrifices you have made for me. These nine years that I have spent at Mount Carmel have been so much fun and I loved it here. Our Lady of Mount Carmel has been a great experience for me. Mount Carmel taught me to be responsible and nice to others as you did, too. This school had a great education for me and was good preparation for high school. It will be hard to say goodbye to this school but I thank you for allowing me the opportunity to go to OLMC.

Love always,
Kylan

Dear Mom and Dad,

Thank you so much for sending me to Mt Carmel. I have had the greatest 8 years in my life. I have made great friends that are like my brothers and sisters. You have been with me through everything and I really appreciate it. Whether I'm feeling sad or happy you are the ones I can always count on. You both work very hard to put me into a great school and give me a life that you didn't have. I am grateful to have parents that care about me as much as you. Thank you so much for being the greatest parents anyone could have. I love both of you very much, never forget that.

Love,
Monica

Dear Mommy,

Thank you for all that you do for me. You have made so many sacrifices for me and I want you to know that I really appreciate it. You have always thought of my sisters and me before yourself, and you have always tried the hardest to give me a life that you never had. You went through such a hard struggle trying to pay my tuitions at school, and even when times were rough, you took the opportunity to send me to various programs to better me. As I have gotten older I realize more and more that everything that you do is to better me and to make me someone that can achieve my goals in life. There are so many things that I want to say to you and so many things that I want to thank you for. I will never be able to truly find the right words so I think that the phrase "I Love You" just about sums it up.

Alynne Marcela Jeanty

Dear Mom and Dad,

Thank you so much for putting me in this school. I love this school so much! This school has taught me many things that I wouldn't have learned anywhere else. I made a lot of friends here and have kept them close to me throughout the years. This school is really awesome because I play sports and get an education. Our Lady of Mount Carmel has to be one of the greatest school ever! I just want to thank you again for putting me in this school.

Dear Mom and Dad,

Thank you for all you have done for me. I appreciate the fact that you took time out of your life to make my life better. You gave me good health and an education. Mom and Dad, you put me in a very outstanding school, Our Lady of Mount Carmel. It's like a second home to me. You've always taught me right from wrong. Mom was there for me at home and teaching me my responsibilities and manners. Dad, you taught me how to be a mature young lady. As I grow older I am starting to reach my full potential. Raising me is not an easy thing, but you have managed it. Thank you for the times you've been there for me, thank you for believing in me, and thank you for giving me your all. I hope you know how proud I am of you. Thank you, Mom and Dad.

Love,

Sarah, your daughter<3

Dear Mom and Dad,

Thank you for everything you have done for me. You've done so much and been through so much and I understand that. You pushed yourselves and worked hard so I can have a better education. You sent me to such a great school called Our Lady of Mount Carmel for 4 years. Mount Carmel has taught me to be respectful and to work hard. This school has helped me with my struggling and I am so thankful to you for sending me here. I made so many great friends here and I am so happy for that because it is hard to make friends. Thank you mom and dad. I know you may yell at me and be all over me but you do it so I won't be bad and I can be good. You brought me to the right path and I appreciate that. You are like best friends to me and that is what you are supposed to mean to me. You have always told me that I will always have friends because my parents, my sisters and the rest of my relatives are my friends. You taught me so much- to respect, be nice to other people and have manners. You are the best parents I could ever have and you're my life. I don't know what more I can ask for because I have the most amazing parents! I Love You Mommy & Daddy <3

Sincerely, Your Best Daughter (Don't Be Jealous Fabiola)

Thank you so much for all that you have done for me. I appreciate that you sent me to a very good school. You bought me plenty of games and toys to play with. I understand you have to pay a lot of money to give me a good education so I will study hard and try my best. You have raised me up very well and I hope I can do the same some day. I am very lucky to have parents like you.

Love,
Anthony

Dear Mom,

I just wanted to tell you how thankful I am for all you've done for me. With out you I would have never made it to where I am now. Through paying for my education, getting me tutors, and just supporting me for all of these years. And I know that Dad is looking down on us, proud of you and me.

Thank you mom for all you've done for me, and thank you dad for always being there for me.
