

## Incoming 6th grade summer work

Dear incoming 6th grade students and parents,

We have worked so hard during the 5th grade to enhance our ELA skills. Over the summer the students are required to read 2 and write a book report on them. The books that you choose should be a minimum of 150 pages and of two different genres. The book reports will be 4-5 paragraphs long and should be set up the following way:

Paragraph 1: This is your introduction paragraph. The 1-2 sentences are your attention grabber. This paragraph will also have the title of the book and author.

Paragraph 2: This paragraph will contain a brief summary of the book. Here you will also tell the reader the main characters and give a brief summary on them as well. This paragraph could be split into two.

Paragraph 3: List 1 internal and 1 external conflict and describe them in details. Then write up their resolutions.

Paragraph 4 : This is your conclusion paragraph and this paragraph will be your opinion explained in detail.

Enjoy your summer and I can't wait to see you all in September!

Ms. Amador
